## WINCHESTER CATHEDRAL CHRISTMAS MARKET

Thursday 27 November to Sunday 14 December

This December, for the third year running, the historic Inner Close of

Close of Winchester Cathedral will become alive with the excitement and animation of another Christmas Market and real outdoor Ice-rink. The Christmas Market is inspired by traditional German Christmas Markets & will be made up of 84 wooden chalets all festively decorated, some of them almost Tyrolean in style, selling all kinds of inspiring, tasteful and beautiful gifts to please even the most discerning shopper.

Despite only being in its third year, the Winchester Cathedral Christmas Market has already earned itself a reputation for being one of the loveliest in the country. Stunningly located against backdrop of the Cathedral, prettily clustered around a real outdoor

ice-rink, and inspired by traditional German Christmas Markets, the Winchester Christmas Market is a perfect visual feast. With over 84 wooden chalets this year, all beautifully decorated with swags and pea lights, visitors will find them full of inspiring, unusual and tasteful gifts and foods carefully selected from across Britain and Europe.

This year for the first time, we will have a 'British Crafts Village' where genuine designers and makers of contemporary crafts will be selling their work. These small businesses will be bringing all kinds of wonderful affordable crafts for those looking for that more imaginative and original gift.

Last year, we offered a 'meet and greet' service to all coaches, providing a steward to escort groups to the Christmas Market. This proved very popular and was much appreciated by the coach companies.

There is no entry charge to the Christmas Market.
